📍 Shanshabad Gali No. 6, Jamalpur, Aligarh, Uttar Pradesh – 202001, India

PROFESSIONAL SUMMARY

Results-driven Full Stack & Flutter Developer with 1–3 years of hands-on experience building scalable web and mobile applications. Skilled in translating raw data into actionable insights through business intelligence tools and analytics dashboards. Passionate about leveraging technology to solve real-world problems and delivering high-quality digital solutions.

TECHNICAL SKILLS

Full Stack	React.js, Node.js, Express.js, HTML5, CSS3, JavaScript (ES6+), REST APIs
Mobile Dev	Flutter, Dart, Firebase, Android/iOS cross-platform development
Data Analytics	SQL, Power BI, Tableau, Excel (Advanced), Google Sheets, ETL Processes
Databases	MySQL, PostgreSQL, MongoDB, Firebase Firestore
Python	Pandas, NumPy, Matplotlib, Data Cleaning & Analysis
Dev Tools	Git, GitHub, VS Code, Postman, Figma, Docker (basics)
Soft Skills	Data Storytelling, Stakeholder Communication, Problem Solving, Agile/Scrum

KEY PROJECTS

1. E-Commerce Web Platform | React.js + Node.js + MongoDB

- Built a full-stack e-commerce application with product listings, cart, and checkout functionality
- Implemented JWT-based authentication, RESTful APIs, and integrated payment gateway
- Designed responsive UI using React.js with clean and modern UX principles
- Deployed on cloud platform with CI/CD pipeline using GitHub Actions

2. Flutter Mobile App – Task Manager | Flutter + Firebase

- Developed a cross-platform task management app for Android and iOS using Flutter & Dart
- Integrated Firebase Firestore for real-time data sync and Firebase Auth for user login
- Implemented push notifications, offline mode, and smooth UI animations
- Published and maintained app with consistent updates based on user feedback

3. Sales Analytics Dashboard | Power BI + SQL + Python

- Designed and built an interactive BI dashboard to track KPIs, revenue trends, and regional performance
- Wrote complex SQL queries to extract and transform data from relational databases
- Used Python (Pandas) for data cleaning and preprocessing before visualization
- Presented findings to stakeholders with actionable recommendations that improved decision-making

WORK EXPERIENCE

Full Stack & Flutter Developer

Freelance / Project-based | Remote | 2022 – Present

- Delivered 3+ web and mobile projects for clients across India and international markets
- Built and deployed full stack web apps and Flutter mobile apps end-to-end
- Analyzed project data and prepared reports to track milestones and performance metrics
- Collaborated with clients to gather requirements, deliver solutions, and provide post-launch support
